QUOTATION

Service / Product : Website Development Services

Thank you for the opportunity!

We take this opportunity to introduce a loosely couple yet highly cohesive and fully dynamic/static website development services.

Please find financial details of all the packages below, which can be chosen for billing. You can select any one or multiple or all packages as per your requirements.

Each package has been designed considering basic academic needs of any Organization/ Institute/ Department. Facility and performance purely depend on the package chosen. Although it is possible to switch from one facility to another it will not be possible to roll back the financial transactions made.

Hence you are kindly requested to go through all packages, as well as facilities available in each package for issuing purchase order.

Difference Between Static And Dynamic Components

Static Website	Dynamic Website
No user side control panel	Control panel at user side to upload the details
Need to send the data to support team for uploading and publishing on website	User can upload or modify the data of dynamic components from user end
Data will get uploaded on website within 10 to 15 days after sending to the support team as it needs multiple verification processes at development end	Data will get reflected on website instantly after uploading.

Higher maintenance cost per year	Lower maintenance cost per year
Lower one time development cost	Nominal one time development cost
Suitable for initial stage of institute with 5 to 10 pages introductory website. Not suitable for NAAC or NBA	Suitable for renowned institutes with compatibility of various committees like NBA/NAAC/AICTE/NCISM
Lower shared server storage	Comes with high configuration VPS or Dedicated servers
Limitations for file uploading	Can define the limitations as per server configurations
No integration with MIS	Integrated with MIS
Preloaded template with basic look	Can select attractive template to enhance the look of website
Need to take help of support and development team to upload the data	No technical knowledge required to upload the data
Dependencies on service provider to update the content on website	No dependency on service provider to update the content on website

Domain Name Registration

COM, IN, ORG, ORG.IN DOMAIN

We can register these domains from any regular domain registrar authorities.

AC.IN, EDU.IN & RES.IN DOMAIN

ERNET is the exclusive registrar for the AC.IN, EDU.IN & RES.IN Domain names. Please visit the site http://www.registry.ernet.in and follow the registration procedures to register a domain name under AC.IN, EDU.IN & RES.IN.

The domain Name Registrations are offered as paid services by the Registrar. The Domain Name registration charges, procedures and other details can be obtained from the above mentioned web site. The domain names are also registered only for certain periods like one year, two years and so on. It has to be renewed after that period by making necessary payments to the Registrar. The payments related to Domain Name Registration/Renewal have to be made directly to the Registrar by the concerned user department.

The domain Name Registration has to be done prior to Web Site Hosting. The concerned user department is responsible for Registering / Renewing the Domain Names with the Registrar.

Request Letter:

The concerned user department has to send an official letter to NIC mentioning the Domain Name under which the site will be hosted.

Once the necessary approvals are obtained, the domain name entries will be done in NIC's name servers and then the details of NIC name servers (Primary & Secondary) will be communicated.
